Dear Mr. Konwinski:

On July 2, 1997, inspectors from the Colorado Department of Public Health and Environment, Hazardous Materials and Waste Management Division (the "Division") conducted a compliance inspection of the 750 Pad (RCRA Unit 750.1 and 750.2A, B, and C) and the 904 Pad (RCRA Units 15A and 15B). In response to issues identified during that inspection, a Compliance Advisory was issued on July 15, 1997.

This memorandum is to inform you that the Division has received and reviewed your July 30, 1997, response to the Compliance Advisory issued on July 15, 1997. All issues identified on that Compliance Advisory have been resolved to the satisfaction of the Division. Therefore, the Division does not intend to take any further action on this matter, and the July 2, 1997, inspection of the 750 and 904 Pad is considered to be closed.

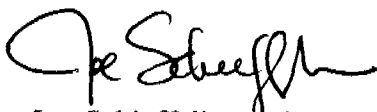

The Division appreciates your timely and complete response to the issues identified during the inspection. Please contact James Hindman or Ed Smith at (303) 692-3345 or (303) 692-3386,
